

Mrs. Bear and Claudia's Afterschool Adventure Workbook

★ Teacher Edition ★

August Teacher Guide | Grades 4-6

This guide matches the Grades 4-6 student workbook page-for-page. Each day provides four supplemental options. Assign all four, select two, or rotate them through centers. August pages connect directly to the monthly lesson-plan themes and use friendly, age-appropriate imagery.

READING

Mrs. Bear and Claudia story; read independently, with a partner, or aloud.

MATH

Use the practice section that fits the student's readiness; encourage work to be shown.

COLORING

Connect the scene to the lesson theme; invite oral reflection while students color.

WRITING/WORD SEARCH

Use writing days for reflection and word-search days for vocabulary review.

QUICK WRITING RUBRIC | 4 POINTS

- 4 = complete, detailed, organized, and edited
- 3 = complete with relevant detail
- 2 = partly complete or needs support
- 1 = beginning response

Week 1 | Monday | Grades 4-6

Lesson-plan focus: Welcome to School | Craft: Line Sculptures | Outside: Chain Tag

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperation.' Read Claudia and the Welcome to School. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to welcome to school. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) after-school reading corner. 2) Claudia rushed into the welcome to school activity before hearing every direction. 3) pause, listen carefully, and divide the work into clear steps. 4) cooperation grows when we pause and make thoughtful choices. 5) cooperation: meaning should be supported by the story context.

Math practice: 10, 11, 25, 14, 8, 22, 19, 23, 10, 4, 25, 15. Word problem: 35 used; 42 at start.

Word search words: WELCOME, SCHOOL, LINE, SCULPTURES, CHAIN, TAG, TEAM, LEARN, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 1 | Tuesday | Grades 4-6

Lesson-plan focus: Straw Tower Cooperation | Craft: Circle-Print Apple | Outside: Kickball

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperation.' Read Claudia and the Straw Tower Cooperation. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to straw tower cooperation. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) creative learning table. 2) the group had different ideas about how to complete circle-print apple. 3) ask respectful questions, compare ideas, and choose a plan together. 4) good teams listen, share jobs, and improve their ideas. 5) cooperation: meaning should be supported by the story context.

Math practice: 427, 145, 338, 476, 876, 137, 369, 564, 340, 704, 573, 222. Word problem: 48 used; 55 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 1 | Wednesday | Grades 4-6

Lesson-plan focus: Tower of Books Challenge | Craft: Tie-Dye Wipe Art | Outside: Spud

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperation.' Read Claudia and the Tower of Books Challenge. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to tower of books challenge. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) team meeting circle. 2) Claudia noticed that one important detail about tower of books challenge was still unclear. 3) look for evidence, test one idea, and revise after observing the result. 4) evidence and careful observation help us learn. 5) cooperation: meaning should be supported by the story context.

Math practice: $\frac{3}{4}$, $\frac{3}{5}$, $\frac{2}{5}$, $\frac{5}{6}$, $\frac{5}{8}$, $\frac{4}{5}$, $\frac{2}{6}$, $\frac{9}{10}$, $\frac{8}{10}$, $\frac{2}{4}$, $\frac{4}{5}$, $\frac{5}{6}$. Word problem: 63 used; 70 at start.

Word search words: TOWER, BOOKS, CHALLENGE, TIE, DYE, WIPE, ART, SPUD, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 1 | Thursday | Grades 4-6

Lesson-plan focus: Cup Tower Challenge | Craft: Tissue-Paper School Bus | Outside: Art Museum

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperation.' Read Claudia and the Cup Tower Challenge. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to cup tower challenge. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) outdoor learning area. 2) the first plan for art museum did not work as expected. 3) invite every teammate to contribute and use the materials with care. 4) kind communication makes challenging work feel possible. 5) cooperation: meaning should be supported by the story context.

Math practice: 316, 240, 444, 260, 560, 159, 702, 301, 504, 720, 435, 294. Word problem: 80 used; 87 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 1 | Friday | Grades 4-6

Lesson-plan focus: Collaborative School Story | Craft: Illustrate the Story | Outside: Sharks and Minnows

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperation.' Read Claudia and the Collaborative School Story. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to collaborative school story. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) after-school reading corner. 2) Claudia rushed into the collaborative school story activity before hearing every direction. 3) pause, listen carefully, and divide the work into clear steps. 4) cooperation grows when we pause and make thoughtful choices. 5) cooperation: meaning should be supported by the story context.

Math practice: 13, 25, 21, 8, 24, 5, 23, 22, 16, 6, 18, 14. Word problem: 99 used; 106 at start.

Word search words: SCHOOL, STORY, ILLUSTRATE, THE, SHARKS, AND, MINNOWS, TEAM, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 2 | Monday | Grades 4-6

Lesson-plan focus: Classroom Routines | Craft: Backpack Collage | Outside: Chain Tag

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperation.' Read Claudia and the Classroom Routines. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to classroom routines. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) creative learning table. 2) the group had different ideas about how to complete backpack collage. 3) ask respectful questions, compare ideas, and choose a plan together. 4) good teams listen, share jobs, and improve their ideas. 5) cooperation: meaning should be supported by the story context.

Math practice: 781, 21, 764, 423, 293, 174, 320, 135, 748, 463, 415, 361. Word problem: 48 used; 55 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 2 | Tuesday | Grades 4-6

Lesson-plan focus: Cooperative Listening | Craft: Friendship Bracelets | Outside: Kickball

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperation.' Read Claudia and the Cooperative Listening. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to cooperative listening. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) team meeting circle. 2) Claudia noticed that one important detail about cooperative listening was still unclear. 3) look for evidence, test one idea, and revise after observing the result. 4) evidence and careful observation help us learn. 5) cooperation: meaning should be supported by the story context.

Math practice: $\frac{3}{4}$, $\frac{5}{5}$, $\frac{6}{6}$, $\frac{3}{4}$, $\frac{3}{10}$, $\frac{5}{8}$, $\frac{6}{10}$, $\frac{3}{4}$, $\frac{4}{4}$, $\frac{6}{10}$, $\frac{6}{8}$, $\frac{6}{6}$. Word problem: 65 used; 72 at start.

Word search words: COOPERATIVE, LISTENING, FRIENDSHIP, BRACELETS, KICKBALL, SCHOOL, TEAM, LEARN, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 2 | Wednesday | Grades 4-6

Lesson-plan focus: Our Classroom Map | Craft: School Map Art | Outside: Spud

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperation.' Read Claudia and the Our Classroom Map. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to our classroom map. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) outdoor learning area. 2) the first plan for spud did not work as expected. 3) invite every teammate to contribute and use the materials with care. 4) kind communication makes challenging work feel possible. 5) cooperation: meaning should be supported by the story context.

Math practice: 340, 640, 408, 65, 152, 384, 539, 935, 264, 477, 408, 484. Word problem: 36 used; 43 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 2 | Thursday | Grades 4-6

Lesson-plan focus: Calm-Down Strategies | Craft: Calm Corner Cards | Outside: Art Museum

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperation.' Read Claudia and the Calm-Down Strategies. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to calm-down strategies. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) after-school reading corner. 2) Claudia rushed into the calm-down strategies activity before hearing every direction. 3) pause, listen carefully, and divide the work into clear steps. 4) cooperation grows when we pause and make thoughtful choices. 5) cooperation: meaning should be supported by the story context.

Math practice: 15, 17, 10, 18, 22, 5, 21, 21, 23, 20, 4, 16. Word problem: 49 used; 56 at start.

Word search words: CALM, DOWN, STRATEGIES, CORNER, CARDS, ART, MUSEUM, SCHOOL, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 2 | Friday | Grades 4-6

Lesson-plan focus: Friday School Celebration | Craft: Book and Music Art | Outside: Sharks and Minnows

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperation.' Read Claudia and the Friday School Celebration. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to Friday school celebration. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) creative learning table. 2) the group had different ideas about how to complete book and music art. 3) ask respectful questions, compare ideas, and choose a plan together. 4) good teams listen, share jobs, and improve their ideas. 5) cooperation: meaning should be supported by the story context.

Math practice: 697, 20, 282, 41, 614, 195, 248, 625, 612, 47, 270, 98. Word problem: 64 used; 71 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 3 | Monday | Grades 4-6

Lesson-plan focus: Classroom Jobs | Craft: Jobs Wheel | Outside: Chain Tag

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperation.' Read Claudia and the Classroom Jobs. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to classroom jobs. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) team meeting circle. 2) Claudia noticed that one important detail about classroom jobs was still unclear. 3) look for evidence, test one idea, and revise after observing the result. 4) evidence and careful observation help us learn. 5) cooperation: meaning should be supported by the story context.

Math practice: $10/10$, $3/5$, $4/5$, $3/4$, $3/6$, $3/6$, $3/4$, $7/10$, $2/5$, $8/10$, $4/4$, $4/5$. Word problem: 81 used; 88 at start.

Word search words: CLASSROOM, JOBS, WHEEL, CHAIN, TAG, SCHOOL, TEAM, LEARN, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 3 | Tuesday | Grades 4-6

Lesson-plan focus: Kindness Mailbox | Craft: Blank Kindness Notes | Outside: Kickball

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperation.' Read Claudia and the Kindness Mailbox. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to kindness mailbox. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) outdoor learning area. 2) the first plan for kickball did not work as expected. 3) invite every teammate to contribute and use the materials with care. 4) kind communication makes challenging work feel possible. 5) cooperation: meaning should be supported by the story context.

Math practice: 270, 210, 217, 110, 112, 432, 308, 360, 156, 276, 136, 81. Word problem: 40 used; 47 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 3 | Wednesday | Grades 4-6

Lesson-plan focus: STEM Bridge Challenge | Craft: Block Bridge Design | Outside: Spud

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperation.' Read Claudia and the STEM Bridge Challenge. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to stem bridge challenge. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) after-school reading corner. 2) Claudia rushed into the stem bridge challenge activity before hearing every direction. 3) pause, listen carefully, and divide the work into clear steps. 4) cooperation grows when we pause and make thoughtful choices. 5) cooperation: meaning should be supported by the story context.

Math practice: 25, 23, 5, 19, 8, 17, 13, 24, 15, 22, 14, 15. Word problem: 55 used; 62 at start.

Word search words: STEM, BRIDGE, CHALLENGE, BLOCK, DESIGN, SPUD, SCHOOL, TEAM, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 3 | Thursday | Grades 4-6

Lesson-plan focus: Science Discovery | Craft: Nature Tray Drawing | Outside: Art Museum

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperation.' Read Claudia and the Science Discovery. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to science discovery. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) creative learning table. 2) the group had different ideas about how to complete nature tray drawing. 3) ask respectful questions, compare ideas, and choose a plan together. 4) good teams listen, share jobs, and improve their ideas. 5) cooperation: meaning should be supported by the story context.

Math practice: 930, 245, 736, 76, 666, 784, 628, 33, 876, 685, 444, 337. Word problem: 72 used; 79 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 3 | Friday | Grades 4-6

Lesson-plan focus: Cooperation Games | Craft: Team Pennant | Outside: Sharks and Minnows

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperation.' Read Claudia and the Cooperation Games. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to cooperation games. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) team meeting circle. 2) Claudia noticed that one important detail about cooperation games was still unclear. 3) look for evidence, test one idea, and revise after observing the result. 4) evidence and careful observation help us learn. 5) cooperation: meaning should be supported by the story context.

Math practice: $\frac{4}{4}$, $\frac{4}{5}$, $\frac{7}{8}$, $\frac{5}{6}$, $\frac{5}{6}$, $\frac{6}{10}$, $\frac{6}{8}$, $\frac{2}{5}$, $\frac{5}{8}$, $\frac{4}{5}$, $\frac{4}{5}$, $\frac{5}{8}$. Word problem: 91 used; 98 at start.

Word search words: COOPERATION, GAMES, TEAM, PENNANT, SHARKS, AND, MINNOWS, SCHOOL, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 4 | Monday | Grades 4-6

Lesson-plan focus: School Community | Craft: Community Puzzle | Outside: Chain Tag

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperation.' Read Claudia and the School Community. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to school community. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) outdoor learning area. 2) the first plan for chain tag did not work as expected. 3) invite every teammate to contribute and use the materials with care. 4) kind communication makes challenging work feel possible. 5) cooperation: meaning should be supported by the story context.

Math practice: 252, 300, 175, 342, 312, 385, 780, 231, 300, 531, 84, 581. Word problem: 48 used; 55 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 4 | Tuesday | Grades 4-6

Lesson-plan focus: Reading Together | Craft: Reading-Nook Art | Outside: Kickball

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperation.' Read Claudia and the Reading Together. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to reading together. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) after-school reading corner. 2) Claudia rushed into the reading together activity before hearing every direction. 3) pause, listen carefully, and divide the work into clear steps. 4) cooperation grows when we pause and make thoughtful choices. 5) cooperation: meaning should be supported by the story context.

Math practice: 18, 15, 6, 17, 15, 4, 6, 12, 4, 13, 9, 11. Word problem: 63 used; 70 at start.

Word search words: READING, TOGETHER, NOOK, ART, KICKBALL, SCHOOL, TEAM, LEARN, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 4 | Wednesday | Grades 4-6

Lesson-plan focus: Sharing Supplies | Craft: Collaborative Table Art | Outside: Spud

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperation.' Read Claudia and the Sharing Supplies. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to sharing supplies. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) creative learning table. 2) the group had different ideas about how to complete collaborative table art. 3) ask respectful questions, compare ideas, and choose a plan together. 4) good teams listen, share jobs, and improve their ideas. 5) cooperation: meaning should be supported by the story context.

Math practice: 795, 74, 257, 729, 1168, 749, 1062, 704, 272, 419, 563, 674. Word problem: 32 used; 39 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 4 | Thursday | Grades 4-6

Lesson-plan focus: Outdoor Teamwork | Craft: Parachute Pattern Art | Outside: Art Museum

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperation.' Read Claudia and the Outdoor Teamwork. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to outdoor teamwork. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) team meeting circle. 2) Claudia noticed that one important detail about outdoor teamwork was still unclear. 3) look for evidence, test one idea, and revise after observing the result. 4) evidence and careful observation help us learn. 5) cooperation: meaning should be supported by the story context.

Math practice: $\frac{8}{8}$, $\frac{6}{6}$, $\frac{7}{8}$, $\frac{8}{8}$, $\frac{6}{6}$, $\frac{3}{4}$, $\frac{8}{10}$, $\frac{6}{6}$, $\frac{7}{8}$, $\frac{9}{10}$, $\frac{6}{10}$, $\frac{3}{4}$. Word problem: 45 used; 52 at start.

Word search words: OUTDOOR, TEAMWORK, PARACHUTE, PATTERN, ART, MUSEUM, SCHOOL, TEAM, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 4 | Friday | Grades 4-6

Lesson-plan focus: Welcome-Month Celebration | Craft: Playground Celebration Art | Outside: Sharks and Minnows

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperation.' Read Claudia and the Welcome-Month Celebration. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to welcome-month celebration. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) outdoor learning area. 2) the first plan for sharks and minnows did not work as expected. 3) invite every teammate to contribute and use the materials with care. 4) kind communication makes challenging work feel possible. 5) cooperation: meaning should be supported by the story context.

Math practice: 336, 740, 217, 979, 204, 175, 105, 60, 630, 585, 765, 512. Word problem: 60 used; 67 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.
