

SEPTEMBER

TEACHER WORKBOOK

GRADES 4-6

**Daily lesson directions • worksheet guidance •
differentiation • answer keys**

Teacher: _____

Classroom: _____

Mrs. Bear's After-School Adventures

Teacher Use & Monthly Rhythm

This guide matches the Grades 4-6 student workbook page-for-page. Each day provides four supplemental options. Assign all four, select two, or rotate them through centers.

READING

Mrs. Bear and Claudia story; read independently, with a partner, or aloud.

MATH

Use the practice section that fits the student's readiness; encourage work to be shown.

COLORING

Connect the scene to the lesson theme; invite oral reflection while students color.

WRITING/WORD SEARCH

Use writing days for reflection and word-search days for vocabulary review.

QUICK WRITING RUBRIC • 4 POINTS

- 4 = complete, detailed, organized, and edited
- 3 = complete with relevant detail
- 2 = partly complete or needs support
- 1 = beginning response

Week 1 • Monday • Grades 4-6

Lesson-plan focus: Cooperative Stand Up | Craft: Self Portraits | Outside: Relay Races

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW • 35-55 MINUTES

1. Reading (10-15 min): Introduce “cooperate.” Read Back-to-Back Teamwork. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to cooperative stand up. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the activity room. 2) Claudia and her partner tipped sideways because they moved at different times. 3) count to three, press their backs together, and move slowly. 4) cooperation works when everyone listens and moves together. 5) cooperate: meaning should be supported by the story context.

Math practice: 10, 11, 25, 14, 8, 22, 19, 23, 10, 4, 25, 15. Word problem: 35 used; 42 at start.

Word search words: TEAMWORK, PARTNER, LISTEN, COUNT, STAND, TOGETHER, BALANCE, TRUST, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 1 • Tuesday • Grades 4-6

Lesson-plan focus: Pout-Pout Fish and Bullying | Craft: Pout-Pout Fish Fork Painting | Outside: Garbage Ball

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW • 35-55 MINUTES

1. Reading (10-15 min): Introduce “bystander.” Read Claudia Helps a Fish Friend. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to pout-pout fish and bullying. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the classroom reading rug. 2) Claudia noticed that a classmate was being left out and teased. 3) use a kind voice, invite the child to join, and tell a trusted adult. 4) kind bystanders can help stop bullying. 5) bystander: meaning should be supported by the story context.

Math practice: 427, 145, 338, 476, 876, 137, 369, 564, 340, 704, 573, 222. Word problem: 48 used; 55 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 1 • Wednesday • Grades 4-6

Lesson-plan focus: Seeing Spots: Silent Teamwork | Craft: Clip-and-Stick Building Challenge | Outside: Four Square

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW • 35-55 MINUTES

1. Reading (10-15 min): Introduce “gesture.” Read The Silent Color Team. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to seeing spots: silent teamwork. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the school-age classroom. 2) Claudia had to find her color team without speaking. 3) watch faces, point gently, and use helpful gestures. 4) people communicate with actions as well as words. 5) gesture: meaning should be supported by the story context.

Math practice: $\frac{3}{4}$, $\frac{3}{5}$, $\frac{2}{5}$, $\frac{5}{6}$, $\frac{5}{8}$, $\frac{4}{5}$, $\frac{2}{6}$, $\frac{9}{10}$, $\frac{8}{10}$, $\frac{2}{4}$, $\frac{4}{5}$, $\frac{5}{6}$. Word problem: 63 used; 70 at start.

Word search words: SILENT, COLOR, GESTURE, TEAM, WATCH, POINT, MATCH, SPOTS, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 1 • Thursday • Grades 4-6

Lesson-plan focus: Read: Chloe the Calm | Craft: Free Art | Outside: Sticky Popcorn

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW • 35-55 MINUTES

1. Reading (10-15 min): Introduce “regulate.” Read Claudia's Calm-Down Plan. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to read: chloe the calm. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) Mrs. Bear's cozy reading corner. 2) Claudia felt angry when her drawing tore. 3) stop, breathe slowly, name the feeling, and choose a next step. 4) calm choices help us solve problems. 5) regulate: meaning should be supported by the story context.

Math practice: 316, 240, 444, 260, 560, 159, 702, 301, 504, 720, 435, 294. Word problem: 80 used; 87 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 1 • Friday • Grades 4-6

Lesson-plan focus: Elbow Pass | Craft: Fun Tape Art | Outside: Freeze Tag

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW • 35-55 MINUTES

1. Reading (10-15 min): Introduce “encourage.” Read The Elbow Pass Surprise. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to elbow pass. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the gym. 2) the ball kept slipping during the elbow-pass challenge. 3) slow down, bend their arms, and encourage one another. 4) practice and encouragement strengthen a team. 5) encourage: meaning should be supported by the story context.

Math practice: 13, 25, 21, 8, 24, 5, 23, 22, 16, 6, 18, 14. Word problem: 99 used; 106 at start.

Word search words: ELBOW, PASS, CIRCLE, PRACTICE, TEAM, TAPE, PATTERN, CHEER, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 2 • Monday • Grades 4-6

Lesson-plan focus: Who Lives in Your House? | Craft: Paper Bag House - Day 1 | Outside: Relay Races

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW • 35-55 MINUTES

1. Reading (10-15 min): Introduce “unique.” Read Our Family Map. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to who lives in your house?. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the art table. 2) Claudia wondered whether every family had to look the same. 3) draw the people who care for her and celebrate every kind of family. 4) families can be different and still be full of love. 5) unique: meaning should be supported by the story context.

Math practice: 781, 21, 764, 423, 293, 174, 320, 135, 748, 463, 415, 361. Word problem: 48 used; 55 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 2 • Tuesday • Grades 4-6

Lesson-plan focus: Family Who Lives Far Away | Craft: Paper Bag House - Day 2 | Outside: Garbage Ball

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW • 35-55 MINUTES

1. Reading (10-15 min): Introduce “distance.” Read A Call Across the Miles. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to family who lives far away. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the classroom technology center. 2) Claudia missed a cousin who lived far away. 3) make a video call and share the paper-bag house she built. 4) families can stay connected across long distances. 5) distance: meaning should be supported by the story context.

Math practice: $\frac{3}{4}$, $\frac{5}{5}$, $\frac{6}{6}$, $\frac{3}{4}$, $\frac{3}{10}$, $\frac{5}{8}$, $\frac{6}{10}$, $\frac{3}{4}$, $\frac{4}{4}$, $\frac{6}{10}$, $\frac{6}{8}$, $\frac{6}{6}$. Word problem: 65 used; 72 at start.

Word search words: FAR, CALL, COUSIN, SHARE, HOUSE, MILES, CONNECT, FAMILY, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 2 • Wednesday • Grades 4-6

Lesson-plan focus: Group Juggle | Craft: Doodle Art | Outside: Four Square

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW • 35-55 MINUTES

1. Reading (10-15 min): Introduce “sequence.” Read The Juggle Pattern. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to group juggle. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the playground circle. 2) Claudia forgot who should receive the ball next. 3) repeat the passing pattern aloud and focus on one person at a time. 4) patterns and focus help groups succeed. 5) sequence: meaning should be supported by the story context.

Math practice: 340, 640, 408, 65, 152, 384, 539, 935, 264, 477, 408, 484. Word problem: 36 used; 43 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 2 • Thursday • Grades 4-6

Lesson-plan focus: Describe Your Home | Craft: Build Block Houses for Families | Outside: Sticky Popcorn

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW • 35-55 MINUTES

1. Reading (10-15 min): Introduce “precise.” Read *The Home Claudia Described*. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to describe your home. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the block center. 2) Mrs. Bear could not see Claudia's model while Claudia described it. 3) use precise position words such as beside, above, and behind. 4) clear details help a listener create a mental picture. 5) precise: meaning should be supported by the story context.

Math practice: 15, 17, 10, 18, 22, 5, 21, 21, 23, 20, 4, 16. Word problem: 49 used; 56 at start.

Word search words: HOME, BLOCK, ABOVE, BELOW, BESIDE, DETAIL, DESCRIBE, LISTEN, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 2 • Friday • Grades 4-6

Lesson-plan focus: Straw Challenge | Craft: Free Art | Outside: Freeze Tag

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW • 35-55 MINUTES

1. Reading (10-15 min): Introduce “coordinate.” Read The Straw Circle. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to straw challenge. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the multipurpose room. 2) the straws fell whenever one person rushed. 3) keep gentle pressure, watch neighbors, and move at the same speed. 4) coordination requires patience and awareness. 5) coordinate: meaning should be supported by the story context.

Math practice: 697, 20, 282, 41, 614, 195, 248, 625, 612, 47, 270, 98. Word problem: 64 used; 71 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 3 • Monday • Grades 4-6

Lesson-plan focus: Our Five Senses | Craft: Crayon Pictures on Sandpaper | Outside: Relay Races

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW • 35-55 MINUTES

1. Reading (10-15 min): Introduce “observe.” Read The Five-Senses Detective. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to our five senses. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the science table. 2) Claudia tried to identify mystery objects without looking. 3) use touch, smell, and sound to collect clues. 4) our senses work together to give information. 5) observe: meaning should be supported by the story context.

Math practice: $10/10$, $3/5$, $4/5$, $3/4$, $3/6$, $3/6$, $3/4$, $7/10$, $2/5$, $8/10$, $4/4$, $4/5$. Word problem: 81 used; 88 at start.

Word search words: SENSES, TOUCH, SMELL, SOUND, SIGHT, TASTE, CLUE, OBSERVE, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 3 • Tuesday • Grades 4-6

Lesson-plan focus: Cooperation | Craft: Marshmallow-Toothpick Tower | Outside: Garbage Ball

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW • 35-55 MINUTES

1. Reading (10-15 min): Introduce “sturdy.” Read The Marshmallow Tower. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to cooperation. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the STEM table. 2) Claudia's team built quickly but the tower leaned. 3) build a wide base, test each level, and listen to every idea. 4) planning and cooperation are stronger than rushing. 5) sturdy: meaning should be supported by the story context.

Math practice: 270, 210, 217, 110, 112, 432, 308, 360, 156, 276, 136, 81. Word problem: 40 used; 47 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 3 • Wednesday • Grades 4-6

Lesson-plan focus: Sounds Around Us | Craft: Make a Hum-a-Zoo | Outside: Four Square

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW • 35-55 MINUTES

1. Reading (10-15 min): Introduce “vibration.” Read The Mystery Sound. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to sounds around us. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the music area. 2) Claudia heard a buzzing sound and could not find its source. 3) listen carefully to pitch, volume, and direction. 4) careful listening helps us investigate. 5) vibration: meaning should be supported by the story context.

Math practice: 25, 23, 5, 19, 8, 17, 13, 24, 15, 22, 14, 15. Word problem: 55 used; 62 at start.

Word search words: SOUND, HUM, TUBE, LISTEN, PITCH, VOLUME, VIBRATE, MUSIC, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 3 • Thursday • Grades 4-6

Lesson-plan focus: The Power of Touch | Craft: Back-to-Back Drawing | Outside: Sticky Popcorn

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW • 35-55 MINUTES

1. Reading (10-15 min): Introduce “clarify.” Read The Drawing Behind Claudia. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to the power of touch. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the partner-work area. 2) Claudia could not see the picture her partner described. 3) ask clarifying questions and follow one direction at a time. 4) good communication includes careful questions. 5) clarify: meaning should be supported by the story context.

Math practice: 930, 245, 736, 76, 666, 784, 628, 33, 876, 685, 444, 337. Word problem: 72 used; 79 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 3 • Friday • Grades 4-6

Lesson-plan focus: Favorite Smells | Craft: Spice Art | Outside: Freeze Tag

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW • 35-55 MINUTES

1. Reading (10-15 min): Introduce “aroma.” Read The Spice Gallery. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to favorite smells. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the art studio. 2) several spice pictures looked alike from far away. 3) use smell words and visual details to create labels. 4) specific sensory language helps readers imagine. 5) aroma: meaning should be supported by the story context.

Math practice: $\frac{4}{4}$, $\frac{4}{5}$, $\frac{7}{8}$, $\frac{5}{6}$, $\frac{5}{6}$, $\frac{6}{10}$, $\frac{6}{8}$, $\frac{2}{5}$, $\frac{5}{8}$, $\frac{4}{5}$, $\frac{4}{5}$, $\frac{5}{8}$. Word problem: 91 used; 98 at start.

Word search words: SPICE, AROMA, CINNAMON, MINT, COCOA, GLUE, ART, SMELL, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 4 • Monday • Grades 4-6

Lesson-plan focus: What Is Fall? | Craft: Torn-Paper Fall Picture | Outside: Relay Races

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW • 35-55 MINUTES

1. Reading (10-15 min): Introduce “season.” Read *The First Fall Leaf*. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to what is fall?. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the playground. 2) Claudia wondered why a green leaf had turned orange. 3) observe the tree, read a science book, and compare leaves. 4) curiosity can lead to careful investigation. 5) season: meaning should be supported by the story context.

Math practice: 252, 300, 175, 342, 312, 385, 780, 231, 300, 531, 84, 581. Word problem: 48 used; 55 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 4 • Tuesday • Grades 4-6

Lesson-plan focus: Read: The Color Monster | Craft: Create a Color Monster | Outside: Garbage Ball

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW • 35-55 MINUTES

1. Reading (10-15 min): Introduce “mixed.” Read Claudia's Color Monster. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to read: the color monster. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the feelings center. 2) Claudia's monster showed several feelings at once. 3) choose colors, facial expressions, and labels for each feeling. 4) naming feelings makes them easier to understand. 5) mixed: meaning should be supported by the story context.

Math practice: 18, 15, 6, 17, 15, 4, 6, 12, 4, 13, 9, 11. Word problem: 63 used; 70 at start.

Word search words: COLOR, MONSTER, HAPPY, SAD, ANGRY, CALM, FEEL, NAME, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 4 • Wednesday • Grades 4-6

Lesson-plan focus: Big Feelings | Craft: Make a Stress Ball | Outside: Four Square

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW • 35-55 MINUTES

1. Reading (10-15 min): Introduce “intense.” Read The Big Feeling Balloon. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to big feelings. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the classroom. 2) Claudia's frustration felt as if it were growing like a balloon. 3) squeeze a stress ball, breathe, and explain what she needed. 4) big feelings can change when we use safe strategies. 5) intense: meaning should be supported by the story context.

Math practice: 795, 74, 257, 729, 1168, 749, 1062, 704, 272, 419, 563, 674. Word problem: 32 used; 39 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 4 • Thursday • Grades 4-6

Lesson-plan focus: Read: Today I Feel Silly | Craft: Silly Hair Pictures | Outside: Sticky Popcorn

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW • 35-55 MINUTES

1. Reading (10-15 min): Introduce “respectful.” Read *The Silliest Hair Day*. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to read: *today i feel silly*. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the art room. 2) Claudia worried that classmates might laugh at her unusual design. 3) Mrs. Bear explained the difference between laughing with someone and laughing at someone. 4) humor is kind when everyone feels safe and included. 5) respectful: meaning should be supported by the story context.

Math practice: $\frac{8}{8}$, $\frac{6}{6}$, $\frac{7}{8}$, $\frac{8}{8}$, $\frac{6}{6}$, $\frac{3}{4}$, $\frac{8}{10}$, $\frac{6}{6}$, $\frac{7}{8}$, $\frac{9}{10}$, $\frac{6}{10}$, $\frac{3}{4}$. Word problem: 45 used; 52 at start.

Word search words: SILLY, HAIR, LAUGH, KIND, FUN, DESIGN, SMILE, RESPECT, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 4 • Friday • Grades 4-6

Lesson-plan focus: Review Feelings | Craft: Fruit-Loop Feeling Faces | Outside: Freeze Tag

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW • 35-55 MINUTES

1. Reading (10-15 min): Introduce “empathy.” Read The Feeling-Face Cafe. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to review feelings. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the classroom cafe. 2) Claudia had to match feeling faces with everyday situations. 3) look at eyes, mouths, body clues, and context. 4) empathy grows when we consider more than one possibility. 5) empathy: meaning should be supported by the story context.

Math practice: 336, 740, 217, 979, 204, 175, 105, 60, 630, 585, 765, 512. Word problem: 60 used; 67 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.
