TRY THIS AT HOME

Turn a walk into a learning adventure! This month we're loving the color **blue** and the **diamond** shape — so make it a game on your next outing. Ask your little one to spot everything blue they can find (the sky, a car, a friend's shirt) and to hunt for diamonds on signs, windows, and fences. Counting and naming what they see builds vocabulary, observation skills, and confidence — and it shows your child that learning happens everywhere, not just at school. 💙💎

❤️ A Note from Mrs. Bear

What a joyful summer it's been! From splash pads to science buses to our little chefs in the kitchen, your children have filled our halls with laughter and curiosity. As we soak up these last sunny weeks of camp, thank you for sharing your summer with us.

Thank you for trusting us with your most precious gifts. We love our Kid City family!

With love & gratitude,
Mrs. Bear and the Sanford & DeLand 2 Kid City Team 🐻
