mommy

Spanish - mami (mah-mee)

To sign mommy, extend and spread your fingers apart on your dominant hand. With your pinkie facing forward, tap your thumb on your chin. The hand sign for mommy is the same as the hand sign for daddy, but signed lower on the face.

daddy

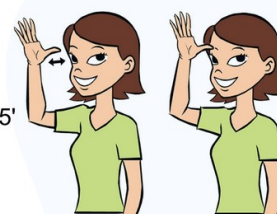

Spanish - papi (pah-pee)

To sign daddy, dad, or father, make the number '5' in ASL, extending and spreading out the five fingers on your dominant hand. Then tap the thumb end of your '5' hand on your forehead.

To do the baby sign for *nose*, point to the nose with the index finger of your dominant hand.

happy

Spanish - feliz (feh-lees)

To sign happy, take your open hand (or both hands) and brush up your chest a couple of times. The sign for happy is very similar to the sign for excited, but the difference is that with excited, your hands take turns touching either side of your chest and only the middle fingers brush against your chest. With happy, both open hands tend to touch the chest at the same time.

sad

Spanish - triste (trees -tah)

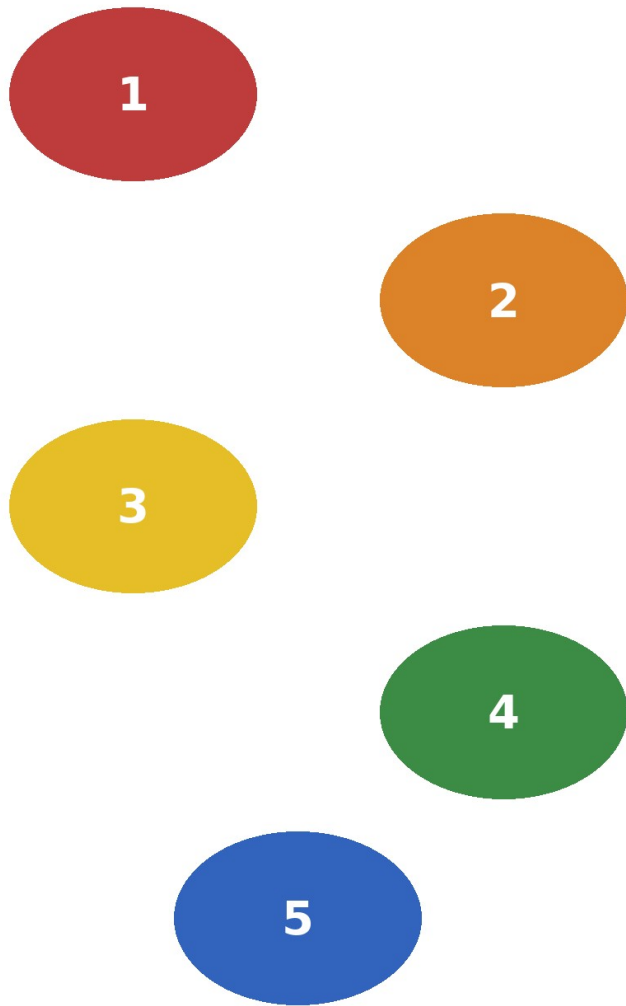

The sad sign looks like you are making tears fall down your face. Take both hands with fingers outstretched, and pull them from above your eyes down to about chest level. With emotional signs such as sad, you should make facial expressions that match the sign. Make a droopy face with downcast eyes while you make the sad sign.
