

Ones (Toddler) Classroom

Mrs. Bear's Teacher's Supplement Workbook

Month: September

Weeks 1–4 — the complete month of September

FIRST-EVER ONES BUILD — TODDLER AGE-ADAPTATION NOTE

This classroom is 12–24 month old toddlers, a full age band younger than the Twos/Threes packets this skill was originally built around. This month's grid, Instructions, Resources, and Hive Take-Home packets confirm zero letter/tracing/pencil content and zero printable craft worksheets anywhere in this classroom's real curriculum — every craft is open-ended sensory/process art. Accordingly: NO letter-of-the-month page (Kid City's building-wide Mm/Ee letter is intentionally not pulled down here — see the note at the top of the days array in this file for the full reasoning); Numbers 1–10 are point-and-count recognition only, not pencil tracing; the oval shape-cycle is simplified to big finger-trace shapes; and the Student Workbook has no numbered "craft" pages since none exist in the real source material. The real vocabulary/ASL sign cards this classroom's grid DOES teach every week (House, Mommy, Daddy, Mouth/Nose/Ear/Eye, Happy, Sad) are included as-is from Kid City's own Resources.

Craft of the Day (Small Group)

Build a Shape House

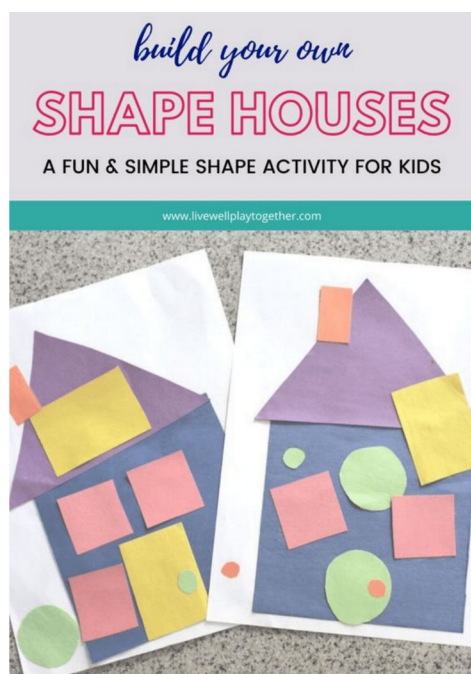

Materials: Pre-cut construction-paper shapes (squares, circles, a triangle roof), a house outline or plain paper, glue sticks

Steps:

1. Pre-cut a set of colorful shapes for each child ahead of time (littles are not ready for scissors).
2. Let each child glue the shapes anywhere they like onto their house outline.
3. Name each shape together as it goes on — this connects to this month's oval shape focus.

Also offered today: Play Dough Fun (small group) — set out play dough for open-ended sensory play alongside the craft.

What it should look like:

Build a Shape House — finished examples from this classroom's Instructions packet.

Bonus Sensory Activity (optional)

Dot Marker Fun: Set out dot markers and let children stamp dots freely on paper — great fine-motor warm-up.
