Mrs. Bear and Claudia's Afterschool Adventure Workbook

Teacher Edition

November Teacher Guide | Grades 4-6

This guide matches the Grades 4-6 student workbook page-for-page. Each day provides four supplemental options. Assign all four, select two, or rotate them through centers. Week 3 Thursday and Friday are optional Thanksgiving take-home sets.

READING	Mrs. Bear and Claudia story; read independently, with a partner, or aloud.
MATH	Use the practice section that fits the student's readiness; encourage work to be shown.
COLORING	Connect the scene to the lesson theme; invite oral reflection while students color.
WRITING/WORD SEARCH	Use writing days for reflection and word-search days for vocabulary review.

QUICK WRITING RUBRIC | 4 POINTS

4 = complete, detailed, organized, and edited
3 = complete with relevant detail
2 = partly complete or needs support
1 = beginning response

Week 1 | Monday | Grades 4-6

Lesson-plan focus: What Is a Community? | Craft: Create Your Own Map | Outside: Community Helper Tag

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'community.' Read Claudia Maps Her Community. Discuss the questions before students write.

2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.

3. Coloring (8-12 min): Connect the scene to what is a community?. Ask students to point out evidence of the theme.

4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the neighborhood map table. 2) Claudia could not decide which places belonged on her community map. 3) identify places people use together and add clear landmarks and roads. 4) a community is made of people and places that help one another. 5) community: meaning should be supported by the story context.

Math practice: 10, 11, 25, 14, 8, 22, 19, 23, 10, 4, 25, 15. Word problem: 35 used; 42 at start.

Word search words: COMMUNITY, MAP, SCHOOL, LIBRARY, PARK, ROAD, HOME, HELPER, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 1 | Tuesday | Grades 4-6

Lesson-plan focus: Community Helpers and Careers | Craft: Draw Your Future Career | Outside: Red Light, Green Light

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'career.' Read Claudia Tries a New Job. Discuss the questions before students write.

2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.

3. Coloring (8-12 min): Connect the scene to community helpers and careers. Ask students to point out evidence of the theme.

4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the community career fair. 2) Claudia liked many careers and did not know which one to explore first. 3) ask each helper about the tools, skills, and service involved in the job. 4) every community job uses different strengths to serve others. 5) career: meaning should be supported by the story context.

Math practice: 427, 145, 338, 476, 876, 137, 369, 564, 340, 704, 573, 222. Word problem: 48 used; 55 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 1 | Wednesday | Grades 4-6

Lesson-plan focus: Fire Safety: Stop, Drop, and Roll | Craft: Drip-Art Fire | Outside: Kick Ball

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'evacuate.' Read Claudia's Fire-Safety Practice. Discuss the questions before students write.

2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.

3. Coloring (8-12 min): Connect the scene to fire safety: stop, drop, and roll. Ask students to point out evidence of the theme.

4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the school safety practice area. 2) Claudia felt unsure about what to do when the alarm sounded. 3) listen to the adult, crawl low beneath smoke, exit, and meet at the safe place. 4) practicing a safety plan helps people respond calmly. 5) evacuate: meaning should be supported by the story context.

Math practice: 3/4, 3/5, 2/5, 5/6, 5/8, 4/5, 2/6, 9/10, 8/10, 2/4, 4/5, 5/6. Word problem: 63 used; 70 at start.

Word search words: FIRE, SAFETY, ALARM, CRAWL, EXIT, ROLL, MEETING, PLAN, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 1 | Thursday | Grades 4-6

Lesson-plan focus: Postal Workers and Stamps | Craft: Create Your Own Stamp | Outside: Pickle

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'deliver.' Read The Traveling Letter. Discuss the questions before students write.

2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.

3. Coloring (8-12 min): Connect the scene to postal workers and stamps. Ask students to point out evidence of the theme.

4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the neighborhood post office. 2) Claudia's envelope was missing information needed for delivery. 3) add the recipient, address, return address, and postage in the correct places. 4) clear information helps postal workers connect communities. 5) deliver: meaning should be supported by the story context.

Math practice: 316, 240, 444, 260, 560, 159, 702, 301, 504, 720, 435, 294. Word problem: 80 used; 87 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 1 | Friday | Grades 4-6

Lesson-plan focus: Veterans Day and Service | Craft: Create a Soldier and Thank-You Note | Outside: Soccer Bowling

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'veteran.' Read A Thank-You for a Veteran. Discuss the questions before students write.

2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.

3. Coloring (8-12 min): Connect the scene to veterans day and service. Ask students to point out evidence of the theme.

4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the school Veterans Day display. 2) Claudia wanted her thank-you message to be meaningful and respectful. 3) ask what service means and write a specific message of appreciation. 4) gratitude grows when we notice and honor service. 5) veteran: meaning should be supported by the story context.

Math practice: 13, 25, 21, 8, 24, 5, 23, 22, 16, 6, 18, 14. Word problem: 99 used; 106 at start.

Word search words: VETERAN, SERVICE, HONOR, THANKS, BRANCH, TEAM, COUNTRY, COURAGE, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 2 | Monday | Grades 4-6

Lesson-plan focus: Being Grateful | Craft: Decorate a Gratitude Journal | Outside: Community Helper Tag

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'gratitude.' Read Claudia Starts a Gratitude Journal. Discuss the questions before students write.

2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.

3. Coloring (8-12 min): Connect the scene to being grateful. Ask students to point out evidence of the theme.

4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) Mrs. Bear's writing table. 2) Claudia thought gratitude only meant naming big gifts or events. 3) notice one person, place, object, or small moment that helped today. 4) gratitude helps us pay attention to everyday goodness. 5) gratitude: meaning should be supported by the story context.

Math practice: 781, 21, 764, 423, 293, 174, 320, 135, 748, 463, 415, 361. Word problem: 48 used; 55 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 2 | Tuesday | Grades 4-6

Lesson-plan focus: Thankful Colors Game | Craft: Make a Thankful Tree | Outside: Red Light, Green Light

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'appreciate.' Read A Rainbow of Thanks. Discuss the questions before students write.

2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.

3. Coloring (8-12 min): Connect the scene to thankful colors game. Ask students to point out evidence of the theme.

4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the gratitude circle. 2) Claudia picked a color but could not think of something that matched it. 3) listen to classmates' examples and connect the color to a person, place, food, memory, or skill. 4) there are many colorful ways to express gratitude. 5) appreciate: meaning should be supported by the story context.

Math practice: 3/4, 5/5, 6/6, 3/4, 3/10, 5/8, 6/10, 3/4, 4/4, 6/10, 6/8, 6/6. Word problem: 65 used; 72 at start.

Word search words: COLOR, THANKFUL, TREE, LEAF, SHARE, MEMORY, KIND, APPRECIATE, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 2 | Wednesday | Grades 4-6

Lesson-plan focus: The Catching Game | Craft: Cubism Art | Outside: Kick Ball

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'trust.' Read Claudia Listens in the Dark. Discuss the questions before students write.

2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.

3. Coloring (8-12 min): Connect the scene to the catching game. Ask students to point out evidence of the theme.

4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the supervised team-game area. 2) Claudia was blindfolded and had to rely on careful listening. 3) move slowly, listen for safe directions, and trust the agreed game rules. 4) trust grows when teams listen and protect one another. 5) trust: meaning should be supported by the story context.

Math practice: 340, 640, 408, 65, 152, 384, 539, 935, 264, 477, 408, 484. Word problem: 36 used; 43 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 2 | Thursday | Grades 4-6

Lesson-plan focus: Seeing Spots: Silent Teams | Craft: Egg-Carton Turkey - Day 1 | Outside: Pickle

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'gesture.' Read The Silent Color Teams. Discuss the questions before students write.

2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.

3. Coloring (8-12 min): Connect the scene to seeing spots: silent teams. Ask students to point out evidence of the theme.

4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the school-age classroom. 2) Claudia had to find teammates without speaking or touching anyone's sticker. 3) watch facial expressions, point gently, and use respectful gestures. 4) people can communicate helpful messages without words. 5) gesture: meaning should be supported by the story context.

Math practice: 15, 17, 10, 18, 22, 5, 21, 21, 23, 20, 4, 16. Word problem: 49 used; 56 at start.

Word search words: SILENT, SPOTS, COLOR, TEAM, GESTURE, WATCH, MATCH, SIGNAL, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 2 | Friday | Grades 4-6

Lesson-plan focus: Fingertip Hula-Hoop | Craft: Egg-Carton Turkey - Day 2 | Outside: Soccer Bowling

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'coordinate.' Read The Floating Hula-Hoop. Discuss the questions before students write.

2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.

3. Coloring (8-12 min): Connect the scene to fingertip hula-hoop. Ask students to point out evidence of the theme.

4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the multipurpose room. 2) the hoop rose instead of lowering because several fingers pushed too hard. 3) keep every fingertip touching lightly, communicate, and lower at the same pace. 4) coordination requires patience, balance, and shared timing. 5) coordinate: meaning should be supported by the story context.

Math practice: 697, 20, 282, 41, 614, 195, 248, 625, 612, 47, 270, 98. Word problem: 64 used; 71 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 3 | Monday | Grades 4-6

Lesson-plan focus: The Dreamcatcher Legend | Craft: Paper-Plate Dreamcatcher - Day 1 | Outside: Community Helper Tag

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'tradition.' Read A Dream of Kindness. Discuss the questions before students write.

2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.

3. Coloring (8-12 min): Connect the scene to the dreamcatcher legend. Ask students to point out evidence of the theme.

4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the cultural learning table. 2) Claudia wanted to understand the meaning of the displayed dreamcatcher. 3) listen respectfully, study the web, beads, and feathers, and ask thoughtful questions. 4) cultural creations should be learned about with respect and care. 5) tradition: meaning should be supported by the story context.

Math practice: 10/10, 3/5, 4/5, 3/4, 3/6, 3/6, 3/4, 7/10, 2/5, 8/10, 4/4, 4/5. Word problem: 81 used; 88 at start.

Word search words: DREAM, WEB, BEAD, FEATHER, LISTEN, RESPECT, STORY, TRADITION, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 3 | Tuesday | Grades 4-6

Lesson-plan focus: A-to-Z Gratitude Challenge | Craft: Paper-Plate Dreamcatcher - Day 2 | Outside: Red Light, Green Light

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'brainstorm.' Read Claudia's A-to-Z Challenge. Discuss the questions before students write.

2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.

3. Coloring (8-12 min): Connect the scene to a-to-z gratitude challenge. Ask students to point out evidence of the theme.

4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the gratitude center. 2) Claudia became stuck on several difficult letters. 3) brainstorm categories, use a dictionary, and accept meaningful phrases. 4) creative thinking helps us notice more reasons to be thankful. 5) brainstorm: meaning should be supported by the story context.

Math practice: 270, 210, 217, 110, 112, 432, 308, 360, 156, 276, 136, 81. Word problem: 40 used; 47 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 3 | Wednesday | Grades 4-6

Lesson-plan focus: Spider-Web Connection Game | Craft: Pastel-Chalk Turkeys | Outside: Kick Ball

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'connection.' Read The Web That Connected Everyone. Discuss the questions before students write.

2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.

3. Coloring (8-12 min): Connect the scene to spider-web connection game. Ask students to point out evidence of the theme.

4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the classroom circle. 2) Claudia first noticed only the ways classmates were different. 3) share a personal story, hold the yarn, and pass it to someone with a connection. 4) people can be different and still deeply connected. 5) connection: meaning should be supported by the story context.

Math practice: 25, 23, 5, 19, 8, 17, 13, 24, 15, 22, 14, 15. Word problem: 55 used; 62 at start.

Word search words: WEB, YARN, CIRCLE, SHARE, STORY, COMMON, FRIEND, CONNECT, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 3 | Thursday | Grades 4-6

Lesson-plan focus: Optional Thanksgiving Take-Home | Craft: Help Set the Family Table | Outside: Family Movement Break

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'hospitality.' Read A Seat for Everyone. Discuss the questions before students write.

2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.

3. Coloring (8-12 min): Connect the scene to optional thanksgiving take-home. Ask students to point out evidence of the theme.

4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) Claudia's family dining room. 2) one more guest arrived and the table did not have enough place settings. 3) count the guests, rearrange the chairs, and prepare one more welcoming place. 4) hospitality means making room for others. 5) hospitality: meaning should be supported by the story context.

Math practice: 930, 245, 736, 76, 666, 784, 628, 33, 876, 685, 444, 337. Word problem: 72 used; 79 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 3 | Friday | Grades 4-6

Lesson-plan focus: Optional Thanksgiving Take-Home | Craft: Family Gratitude Walk | Outside: Outdoor Leaf Hunt

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'habit.' Read The Thank-You Walk. Discuss the questions before students write.

2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.

3. Coloring (8-12 min): Connect the scene to optional thanksgiving take-home. Ask students to point out evidence of the theme.

4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the neighborhood park. 2) Claudia wanted a way to continue gratitude after the holiday meal. 3) walk slowly, collect safe fallen leaves, and name something appreciated at each stop. 4) gratitude can become a habit practiced anywhere. 5) habit: meaning should be supported by the story context.

Math practice: 4/4, 4/5, 7/8, 5/6, 5/6, 6/10, 6/8, 2/5, 5/8, 4/5, 4/5, 5/8. Word problem: 91 used; 98 at start.

Word search words: WALK, LEAF, FAMILY, NOTICE, THANKS, MEMORY, PARK, HABIT, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 4 | Monday | Grades 4-6

Lesson-plan focus: Common Thread Game | Craft: Create a Common-Thread Flag | Outside: Community Helper Tag

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'common.' Read The Flag of Things We Share. Discuss the questions before students write.

2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.

3. Coloring (8-12 min): Connect the scene to common thread game. Ask students to point out evidence of the theme.

4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the small-group tables. 2) Claudia's group believed they had nothing in common. 3) ask one another about favorite activities, hopes, skills, and experiences. 4) finding common ground can strengthen a team. 5) common: meaning should be supported by the story context.

Math practice: 252, 300, 175, 342, 312, 385, 780, 231, 300, 531, 84, 581. Word problem: 48 used; 55 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 4 | Tuesday | Grades 4-6

Lesson-plan focus: Great Chain Challenge | Craft: Line Sculptures | Outside: Red Light, Green Light

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'resourceful.' Read The Longest Paper Chain. Discuss the questions before students write.

2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.

3. Coloring (8-12 min): Connect the scene to great chain challenge. Ask students to point out evidence of the theme.

4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the STEM challenge table. 2) each team had only one paper sheet, scissors, and glue. 3) plan thin strips, test link size, divide jobs, and reduce wasted paper. 4) resourceful teams plan before using limited materials. 5) resourceful: meaning should be supported by the story context.

Math practice: 18, 15, 6, 17, 15, 4, 6, 12, 4, 13, 9, 11. Word problem: 63 used; 70 at start.

Word search words: CHAIN, PAPER, LINK, PLAN, CUT, GLUE, MEASURE, RESOURCE, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 4 | Wednesday | Grades 4-6

Lesson-plan focus: Flip-the-Tarp Challenge | Craft: Free Art with Watercolors | Outside: Kick Ball

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'strategy.' Read The Tarp Turnaround. Discuss the questions before students write.

2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.

3. Coloring (8-12 min): Connect the scene to flip-the-tarp challenge. Ask students to point out evidence of the theme.

4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the team-building room. 2) the group had to flip a tarp without anyone stepping off. 3) make space, move one person at a time, communicate, and fold the corner carefully. 4) complex problems become manageable through small coordinated steps. 5) strategy: meaning should be supported by the story context.

Math practice: 795, 74, 257, 729, 1168, 749, 1062, 704, 272, 419, 563, 674. Word problem: 32 used; 39 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 4 | Thursday | Grades 4-6

Lesson-plan focus: Group Story | Craft: Illustrate the Group Story | Outside: Pickle

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'collaborate.' Read The Story That Grew. Discuss the questions before students write.

2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.

3. Coloring (8-12 min): Connect the scene to group story. Ask students to point out evidence of the theme.

4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the storytelling circle. 2) Claudia worried that her idea would not fit the story already started. 3) listen to the last detail and add a new event that connects logically. 4) collaborative stories grow when writers listen and connect ideas. 5) collaborate: meaning should be supported by the story context.

Math practice: 8/8, 6/6, 7/8, 8/8, 6/6, 3/4, 8/10, 6/6, 7/8, 9/10, 6/10, 3/4. Word problem: 45 used; 52 at start.

Word search words: STORY, GROUP, IDEA, CHARACTER, EVENT, LISTEN, ADD, CREATE, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 4 | Friday | Grades 4-6

Lesson-plan focus: Bed-Sheet Ping Pong | Craft: Adult-Style Coloring Choice | Outside: Soccer Bowling

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'adjust.' Read The Ping-Pong Team. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to bed-sheet ping pong. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the school gym. 2) the ball kept rolling off the same side of the sheet. 3) watch the ball, adjust the height together, and use gentle coordinated movements. 4) successful teams adjust using observation and communication. 5) adjust: meaning should be supported by the story context.

Math practice: 336, 740, 217, 979, 204, 175, 105, 60, 630, 585, 765, 512. Word problem: 60 used; 67 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.
