

Mrs. Bear and Claudia's Afterschool Adventure Workbook

★ Teacher Edition ★

October Teacher Guide | Grades 4-6

This guide matches the Grades 4-6 student workbook page-for-page. Each day provides four supplemental options. Assign all four, select two, or rotate them through centers. October pages use warm farm and fall themes with no frightening imagery.

READING

Mrs. Bear and Claudia story; read independently, with a partner, or aloud.

MATH

Use the practice section that fits the student's readiness; encourage work to be shown.

COLORING

Connect the scene to the lesson theme; invite oral reflection while students color.

WRITING/WORD SEARCH

Use writing days for reflection and word-search days for vocabulary review.

QUICK WRITING RUBRIC | 4 POINTS

- 4 = complete, detailed, organized, and edited
- 3 = complete with relevant detail
- 2 = partly complete or needs support
- 1 = beginning response

Week 1 | Monday | Grades 4-6

Lesson-plan focus: What Does It Mean to Be Patient? | Craft: Autumn Tree Q-Tip Painting | Outside: Hula Hoop Pass Relay

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'patient.' Read The Patient Acorn. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to what does it mean to be patient?. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) Mrs. Bear's autumn art table. 2) Claudia wanted her painted tree to be finished immediately. 3) pause, add one leaf at a time, and notice how careful work changes the picture. 4) patience means giving good work the time it needs. 5) patient: meaning should be supported by the story context.

Math practice: 10, 11, 25, 14, 8, 22, 19, 23, 10, 4, 25, 15. Word problem: 35 used; 42 at start.

Word search words: PATIENT, AUTUMN, TREE, LEAF, WAIT, CALM, ACORN, CARE, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 1 | Tuesday | Grades 4-6

Lesson-plan focus: Tower Challenge | Craft: Leaf Prints | Outside: Spud

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'stability.' Read The Tower That Took Time. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to tower challenge. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the team-building table. 2) Claudia's team rushed and their first tower tipped over. 3) sort the materials, sketch a wide base, and take turns adding pieces. 4) patient teams plan, test, and improve. 5) stability: meaning should be supported by the story context.

Math practice: 427, 145, 338, 476, 876, 137, 369, 564, 340, 704, 573, 222. Word problem: 48 used; 55 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 1 | Wednesday | Grades 4-6

Lesson-plan focus: What Do We Know About Farms? | Craft: Create a Farm Picture | Outside: Farm Animal Tag

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'agriculture.' Read Claudia Visits the Learning Farm. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to what do we know about farms?. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) a nearby teaching farm. 2) Claudia thought farms only had barns and animals. 3) observe the fields, tools, water systems, crops, and jobs that keep the farm working. 4) farms are systems where people, plants, animals, and tools work together. 5) agriculture: meaning should be supported by the story context.

Math practice: $\frac{3}{4}$, $\frac{3}{5}$, $\frac{2}{5}$, $\frac{5}{6}$, $\frac{5}{8}$, $\frac{4}{5}$, $\frac{2}{6}$, $\frac{9}{10}$, $\frac{8}{10}$, $\frac{2}{4}$, $\frac{4}{5}$, $\frac{5}{6}$. Word problem: 63 used; 70 at start.

Word search words: FARM, BARN, CROP, FIELD, TRACTOR, ANIMAL, GROW, HARVEST, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 1 | Thursday | Grades 4-6

Lesson-plan focus: Building-Brick Farm Challenge | Craft: Foil Painting | Outside: Art Museum

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'reinforce.' Read The Model Barn. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to building-brick farm challenge. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the construction center. 2) Claudia's model had walls but no strong roof. 3) compare roof shapes, reinforce the corners, and test the model gently. 4) builders improve designs by observing and testing. 5) reinforce: meaning should be supported by the story context.

Math practice: 316, 240, 444, 260, 560, 159, 702, 301, 504, 720, 435, 294. Word problem: 80 used; 87 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 1 | Friday | Grades 4-6

Lesson-plan focus: Rock-Paper-Scissors Challenge | Craft: Farm-Animal Craft Sticks | Outside: Sharks and Minnows

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'sportsmanship.' Read Claudia Cheers for the Team. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to rock-paper-scissors challenge. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the multipurpose room. 2) Claudia felt disappointed after losing the first round. 3) practice good sportsmanship, cheer for the winner, and notice each player's effort. 4) a good sport can celebrate others and keep trying. 5) sportsmanship: meaning should be supported by the story context.

Math practice: 13, 25, 21, 8, 24, 5, 23, 22, 16, 6, 18, 14. Word problem: 99 used; 106 at start.

Word search words: GAME, CHEER, TEAM, FAIR, KIND, ROUND, ANIMAL, CRAFT, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 2 | Monday | Grades 4-6

Lesson-plan focus: Balloon Bop Cooperation | Craft: Beaded Pumpkins | Outside: Hula Hoop Pass Relay

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'cooperate.' Read Keeping the Balloon Up. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to balloon bop cooperation. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the group-game circle. 2) the balloon drifted toward one side because everyone moved at once. 3) use calm voices, watch the balloon, and move together without pulling hands. 4) cooperation improves when everyone watches and adjusts. 5) cooperate: meaning should be supported by the story context.

Math practice: 781, 21, 764, 423, 293, 174, 320, 135, 748, 463, 415, 361. Word problem: 48 used; 55 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 2 | Tuesday | Grades 4-6

Lesson-plan focus: Share One Good Thing | Craft: Fall Watercolor Art | Outside: Spud

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'appreciate.' Read The Good-Thing Circle. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to share one good thing. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) Mrs. Bear's sharing circle. 2) Claudia could not choose a big event to share. 3) notice a small kind moment, listen to others, and wait for her turn. 4) small good moments are worth noticing. 5) appreciate: meaning should be supported by the story context.

Math practice: $\frac{3}{4}$, $\frac{5}{5}$, $\frac{6}{6}$, $\frac{3}{4}$, $\frac{3}{10}$, $\frac{5}{8}$, $\frac{6}{10}$, $\frac{3}{4}$, $\frac{4}{4}$, $\frac{6}{10}$, $\frac{6}{8}$, $\frac{6}{6}$. Word problem: 65 used; 72 at start.

Word search words: SHARE, GOOD, KIND, LISTEN, TURN, FALL, COLOR, NOTICE, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 2 | Wednesday | Grades 4-6

Lesson-plan focus: Bed-Sheet Ping Pong | Craft: Leaf Sun Catchers | Outside: Farm Animal Tag

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'coordinate.' Read The Gentle Rally. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to bed-sheet ping pong. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the team-game area. 2) the ball kept rolling off the sheet when one side lifted too quickly. 3) count together and raise or lower the sheet with gentle, even movements. 4) shared timing can turn a hard task into teamwork. 5) coordinate: meaning should be supported by the story context.

Math practice: 340, 640, 408, 65, 152, 384, 539, 935, 264, 477, 408, 484. Word problem: 36 used; 43 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 2 | Thursday | Grades 4-6

Lesson-plan focus: Cooperative Stand-Up | Craft: Yarn-Wrapped Leaf - Day 1 | Outside: Newspaper Race

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'balance.' Read Back to Back. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to cooperative stand-up. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the carpeted activity room. 2) Claudia and her partner tried to stand before agreeing on a plan. 3) press backs together, place feet firmly, count, and rise at the same pace. 4) partners succeed when they communicate and move together. 5) balance: meaning should be supported by the story context.

Math practice: 15, 17, 10, 18, 22, 5, 21, 21, 23, 20, 4, 16. Word problem: 49 used; 56 at start.

Word search words: STAND, PARTNER, BACK, COUNT, YARN, LEAF, BALANCE, TOGETHER, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 2 | Friday | Grades 4-6

Lesson-plan focus: Friday Celebration | Craft: Yarn-Wrapped Leaf - Day 2 | Outside: Sharks and Minnows

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'texture.' Read The Finished Leaf. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to Friday celebration. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the fall craft center. 2) Claudia's yarn slipped from the cardboard leaf. 3) secure the end with tape and wrap slowly in changing directions. 4) careful finishing makes creative work stronger. 5) texture: meaning should be supported by the story context.

Math practice: 697, 20, 282, 41, 614, 195, 248, 625, 612, 47, 270, 98. Word problem: 64 used; 71 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 3 | Monday | Grades 4-6

Lesson-plan focus: Favorite Foods and Food Groups | Craft: Pizza Craft | Outside: Chain Tag

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'nutrition.' Read Claudia Plans a Balanced Pizza. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to favorite foods and food groups. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the pretend cafe. 2) Claudia chose toppings without thinking about nutrition. 3) sort ingredients into food groups and plan a balanced combination. 4) balanced choices can include variety and favorite flavors. 5) nutrition: meaning should be supported by the story context.

Math practice: 10/10, 3/5, 4/5, 3/4, 3/6, 3/6, 3/4, 7/10, 2/5, 8/10, 4/4, 4/5. Word problem: 81 used; 88 at start.

Word search words: PIZZA, FOOD, GRAIN, DAIRY, PROTEIN, FRUIT, VEGGIE, HEALTH, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 3 | Tuesday | Grades 4-6

Lesson-plan focus: Telephone Game | Craft: Fall Leaf Chalk Art | Outside: Spud

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'communicate.' Read The Message in the Middle. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to telephone game. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the classroom circle. 2) the whispered sentence changed as it traveled around the group. 3) speak clearly, listen carefully, and ask for repetition when rules allow. 4) clear communication depends on careful speaking and listening. 5) communicate: meaning should be supported by the story context.

Math practice: 270, 210, 217, 110, 112, 432, 308, 360, 156, 276, 136, 81. Word problem: 40 used; 47 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 3 | Wednesday | Grades 4-6

Lesson-plan focus: Group Story | Craft: Illustrate the Group Story | Outside: Farm Animal Tag

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'sequence.' Read The Story Everyone Built. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to group story. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the storytelling circle. 2) Claudia worried her idea would not fit the story. 3) listen to the last event and add a connected character, setting, or problem. 4) group stories grow when writers listen and connect ideas. 5) sequence: meaning should be supported by the story context.

Math practice: 25, 23, 5, 19, 8, 17, 13, 24, 15, 22, 14, 15. Word problem: 55 used; 62 at start.

Word search words: STORY, GROUP, IDEA, EVENT, ORDER, DRAW, FALL, CREATE, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 3 | Thursday | Grades 4-6

Lesson-plan focus: Elbow-Pass Challenge | Craft: Leaf Figures | Outside: Kick Ball

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'precision.' Read The No-Hands Pass. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to elbow-pass challenge. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the gym circle. 2) the soft ball slipped when the group moved too quickly. 3) bend elbows gently, make eye contact, and wait until the next person is ready. 4) patience and attention help a team coordinate. 5) precision: meaning should be supported by the story context.

Math practice: 930, 245, 736, 76, 666, 784, 628, 33, 876, 685, 444, 337. Word problem: 72 used; 79 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 3 | Friday | Grades 4-6

Lesson-plan focus: Straw Tower Challenge | Craft: Decorated Fall Leaf Art | Outside: Sharks and Minnows

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'structure.' Read A Tower of Straws. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to straw tower challenge. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the STEM table. 2) Claudia's narrow tower leaned before it reached the ruler mark. 3) widen the base, make triangle supports, and divide building jobs. 4) strong designs use shapes and materials efficiently. 5) structure: meaning should be supported by the story context.

Math practice: $\frac{4}{4}$, $\frac{4}{5}$, $\frac{7}{8}$, $\frac{5}{6}$, $\frac{5}{6}$, $\frac{6}{10}$, $\frac{6}{8}$, $\frac{2}{5}$, $\frac{5}{8}$, $\frac{4}{5}$, $\frac{4}{5}$, $\frac{5}{8}$. Word problem: 91 used; 98 at start.

Word search words: STRAW, TOWER, RULER, BASE, SHAPE, LEAF, PLAN, STRONG, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 4 | Monday | Grades 4-6

Lesson-plan focus: Fall Charades | Craft: Harvest Pumpkin Collage | Outside: Chain Tag

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'gesture.' Read The Quiet Fall Clue. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to fall charades. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the fall festival classroom. 2) Claudia had to show 'raking leaves' without speaking. 3) use clear motions, patient guesses, and encouraging reactions. 4) games stay fun when players are patient and kind. 5) gesture: meaning should be supported by the story context.

Math practice: 252, 300, 175, 342, 312, 385, 780, 231, 300, 531, 84, 581. Word problem: 48 used; 55 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 4 | Tuesday | Grades 4-6

Lesson-plan focus: Share a Fall Tradition | Craft: Fork-Painted Woodland Animals | Outside: Spud

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'tradition.' Read Claudia's Cozy Tradition. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to share a fall tradition. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the sharing rug. 2) Claudia wondered whether her simple family tradition was special enough. 3) describe the sights, sounds, foods, and people that make it meaningful. 4) traditions connect people through meaningful memories. 5) tradition: meaning should be supported by the story context.

Math practice: 18, 15, 6, 17, 15, 4, 6, 12, 4, 13, 9, 11. Word problem: 63 used; 70 at start.

Word search words: FAMILY, FALL, SHARE, MEMORY, TRADITION, OWL, PAINT, COZY, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 4 | Wednesday | Grades 4-6

Lesson-plan focus: Solo Cup Relay | Craft: Pom-Pom Woodland Craft | Outside: Fall Tag

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'efficiency.' Read The Careful Cup Relay. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to solo cup relay. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the relay course. 2) Claudia knocked over a stack by racing before it was steady. 3) slow down at the stacking station, check the base, and signal the next teammate. 4) careful steps can be faster than repeated rushing. 5) efficiency: meaning should be supported by the story context.

Math practice: 795, 74, 257, 729, 1168, 749, 1062, 704, 272, 419, 563, 674. Word problem: 32 used; 39 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 4 | Thursday | Grades 4-6

Lesson-plan focus: Group Juggle | Craft: Fall Watercolor Pattern | Outside: Kick Ball

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'sequence.' Read The Juggling Pattern. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to group juggle. Ask students to point out evidence of the theme.
4. Word Search (8-12 min): Preview the vocabulary, then let students work independently or with a partner.

ANSWER KEY & TEACHER NOTES

Reading: 1) the multipurpose room. 2) the balls collided because the passing sequence was unclear. 3) choose a fixed order, call names, and add one ball only after the pattern works. 4) complex teamwork grows from one reliable pattern. 5) sequence: meaning should be supported by the story context.

Math practice: $\frac{8}{8}$, $\frac{6}{6}$, $\frac{7}{8}$, $\frac{8}{8}$, $\frac{6}{6}$, $\frac{3}{4}$, $\frac{8}{10}$, $\frac{6}{6}$, $\frac{7}{8}$, $\frac{9}{10}$, $\frac{6}{10}$, $\frac{3}{4}$. Word problem: 45 used; 52 at start.

Word search words: JUGGLE, BALL, ORDER, NAME, TEAM, PATTERN, WATER, COLOR, MRSBEAR, CLAUDIA, LESSON, REFLECT.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.

Week 4 | Friday | Grades 4-6

Lesson-plan focus: Fall Dance Celebration | Craft: Autumn Nature Art | Outside: Sharks and Minnows

BEFORE STUDENTS ARRIVE

Place the four workbook pages together. Prepare pencils, crayons/colored pencils, and the lesson-plan craft materials. Preview the reading vocabulary and select the math level students should attempt.

DAILY FLOW | 35-55 MINUTES

1. Reading (10-15 min): Introduce 'include.' Read The Harvest Celebration. Discuss the questions before students write.
2. Math (10-15 min): Model one example. K-3 students may complete one or both challenge sections; grades 4-6 should show work.
3. Coloring (8-12 min): Connect the scene to fall dance celebration. Ask students to point out evidence of the theme.
4. Writing (10-15 min): Read the prompt aloud and use the rubric.

ANSWER KEY & TEACHER NOTES

Reading: 1) the school fall festival. 2) Claudia wanted every classmate to feel included in the celebration. 3) offer different music, quiet craft choices, movement options, and shared jobs. 4) inclusive celebrations make room for different needs. 5) include: meaning should be supported by the story context.

Math practice: 336, 740, 217, 979, 204, 175, 105, 60, 630, 585, 765, 512. Word problem: 60 used; 67 at start.

Writing: responses vary. Look for a clear answer, lesson connection, relevant detail, and age-appropriate conventions.

Differentiation: Allow oral answers, partner reading, enlarged print, manipulatives, or fewer problems as needed. Extend by asking students to explain why an answer makes sense.
